Kpd Receives Talino Workstation Through Community Support

The Kearney Police Department is pleased to announce that we have been contacted by SUMURI and we are the recipient of a Talino Workstation. K.P.D. received 39% of the total votes and we wish to thank all of you that voted for us.

This new equipment will be used in our forensic lab which will further aid our investigations. This equipment will also assist surrounding law enforcement agencies in their forensic investigations involving electronic evidence. We could not have received this equipment without your tremendous support.

This is another example of the strong community support for law enforcement and it is greatly appreciated.
