City of Kearney Unveils New Redesigned Website

The City of Kearney is proud to announce that its new redesigned website has officially launched.

The City of Kearney recently completed a seven month project in partnership with CivicPlus to redesign the website www.cityofkearney.org. The new website not only features a new design and easier navigation, but also features a mobile-responsive design to provide users with ease-of-use on their smart phone, tablet and other mobile devices.

With the new website and a cleaner, clearer design, the City will be able to increase its community engagement and enhance the communication between residents and the local government. We encourage users to sign up for notifications using Notify Me. These notifications will alert subscribers of Sanitation changes, Agendas, Newsletters and Press Releases.

Check out our web site at www.cityofkearney.org.

We are sending this News Release as a service to the news media and citizens of Kearney.
