Foreign Language Learning Database Class at Kearney Public Library

Learn foreign languages quickly and easily from anywhere you have an internet connection by using the Mango Languages database. Choose from any of over 70 foreign languages and 21 English courses for non-English speakers. The database also makes use of films to help teach the language. Mango Languages is accessible from the library's webpage to anyone with an internet connection and a KPL card. The library is offering a free class on the Mango Languages database on Monday, December 4, 2017 at 6:30 p.m. in KPL's Technology Learning Center Classroom on the lower level. Class size is limited to 15 with pre-registration and basic computer skills required. Register via KPL's website, call 308-233-3282, or stop by the library.
