City of Kearney Code Enforcement Phone App- Access Kearney

The City of Kearney encourages citizens to use the Access Kearney mobile app to help keep Kearney looking beautiful. Citizens can go to the App Store on their mobile device and search for "Access Kearney". Once the App is downloaded it's as simple as a point, click, and submit to report information on issues. Citizens are able to attach photographs for clarification and assign a location for the concern; the app can automatically assign the location as well. Once the issue has been submitted, citizens are able to check status or receive messages from City Staff on their request as it is processed.

Common code enforcement issues include:

Yard Maintenance/Height
Property Maintenance
Trees overhanging ROW and public sidewalks
Unlicensed vehicles on private property
Vehicles parked improperly in yards

The City of Kearney encourages the citizens of Kearney to be part of the solution. (This service is offered for all non-emergency issues only.)
