Development Services Online Permit Option

The City of Kearney now offers online permitting through the City of Kearney website. Citizens and Contractors can submit plans online 24 hours a day, 7 days a week from the comfort of their own home. This easy to use service allows the submission of plans online which speeds up the review time considerably on both big and small projects. The online notification details the processing of your permit in real time. This is one of many online services provided by the City.

If you would like to submit a building permit on line, go to the City's website at www.cityofkearney.org and select "Permits and Inspections"

We are sending this News Release as a service to the news media and citizens of Kearney.
