CITY OF KEARNEY **PRESS RELEASE** ***For Immediate Release***

Issued Date: May 18, 2018

Point of Contact: Dan Lillis, Stormwater Program Manager, 308-233-3273

Storm Inlet Marking Event

This Wednesday morning, May 23, you might see a group of Scouts applying decals on the storm drain inlets in your neighborhood. These are volunteers participating in a project to alert residents that dumping anything in storm drains pollutes lakes, rivers, bays and streams. The City of Kearney is sponsoring this project as part of its effort to reduce pollution.

This event will cover the area between 11th Street to South Railroad Street and from Avenue E to Avenue M. Participants will be marking inlets with the "NO DUMPING, DRAINS TO RIVER" message on inlet boxes along the roadways in these areas. In addition to marking the inlets, they will also be distributing informational fliers to the neighborhood homes about water quality and environmental protection. These volunteers are Scouts and Scout Leaders from Troop 132 performing an Eagle Scout Project.

The City of Kearney asks that motorists traveling in these areas on Monday use extreme caution and watch for participants of the event.
