Nebraska Commission for the Blind and Visually Impaired Gives Deskset Video Magnifier to Library

A recent partnership between the Nebraska Library Commission and the Nebraska Commission for the Blind and Visually Impaired (NCBVI) has improved services the Kearney Public Library provides for patrons with low vision. NCBVI has provided a 20" ONYX Deskset HD CCTV (electronic video magnifier) to each public library location in Nebraska at no cost. At Kearney Public Library, the magnifier is currently on the main floor near the microfilm machine on the northeast wall.

This CCTV is very user-friendly and the NCBVI has created a reference card which explains the simple controls on the attached remote. Most people should be able to sit at the device and use it without any assistance. In many cases, it is as simple as turning on the power button and using the + and – buttons to zoom in and out.

The library is located at 2020 1st Avenue in Kearney, and is open from 9 am – 9 pm Monday through Thursday, 9 am – 5 pm Friday and Saturday, and 1 pm – 5 pm on Sunday.
