| University Drive | Lakeview Drive to 24th Street |

After snow removal on emergency routes, crews may enter residential neighborhoods once conditions improve and emergency routes and thoroughfares are cleared. As a courtesy to your neighbors and to crew operators, please keep your vehicles off the streets if possible for the efficiency of the snow removal process.

According to City Code, snow removed from private property shall not be placed in or upon the public streets, alleys, sidewalks, or other public ways. Snow removed from private property must be kept and maintained on the property in a safe and sound condition. Vision clearance at intersections is important. Snow piled at corners of the property must not be more than two feet high.

In addition, citizens should be prepared for various road closures within the city due to blizzard conditions. Use caution at intersections where traffic light heads could become covered from snow.
