

# Approved Street Right-of-Way Trees

**ATTENTION PROPERTY OWNERS:** A PERMIT to plant any of these trees on **CITY PROPERTY** needs to be obtained **BEFORE** planting is done. Please call Kearney Park and Recreation at 237-4644 if you have any questions.

√ = Proper Trees for Powerlines

**REQUIRED MINIMUM TREE TRUNK SIZE IS ONE (1) INCH IN DIAMETER.**  
***At 6 inches from root flair or ground level***

Minimum sizes only apply to trees planted for grant reimbursement, all other trees planted on the Right-of-Way should be on the approved species list but may be of any size. Very large trees may suffer from more transplant shock when planted and very small trees may have low survival rates due to other factors (foot traffic, snow removal, mowing, etc.). The City Forester can provide planting tips and suggestions by request.

<b>LARGE (Over 40 Feet Tall)</b>	<b>HEIGHT</b>	<b>WIDTH</b>	<b>SHAPE</b>	<b>COLOR*</b>
<b><u>ELM</u></b>				
'Accolade' Elm	70	60	Vase Shaped	Yellow(F)
'Cathedral' Elm	50	50	Broad Vase	Yellow(F)
