

City of Kearney, Nebraska Special Designated License Supplemental Form

TO THE LIQUOR LICENSEE

The Kearney City Council passed Resolution No. 2011-28 establishing a policy dealing with the consideration of liquor licenses given the concerns they have with reference to under age drinking and other liquor license violations within the City of Kearney. With reference to special designated licenses, if the license holder that is making application for such a special designated license has had two or more violations of the law including the sale of alcohol to a visibly intoxicated person and/or the sale of alcohol to a minor within one calendar year (calendar year shall be defined as from January 1 to December 31 of a given year) of the last issuance of its underlying liquor license or three or more such violations within the last five years, it shall be the policy of the City Council to deny such application and to not grant that license holder the ability to have a special designated license for the event requested.

This policy is a nonbinding resolution and the City Council may evaluate each license application on a case-by-case basis and take into consideration such circumstances or factors as it might deem appropriate with reference to each individual application or applicant.

I hereby certify that I, as the liquor licensee, have read and understand the policy established by the Kearney City Council. I further understand that the citizen requesting me to make application for a special designated license must execute this form.
